FIRE DESTROYS

HOUSE AND BARN

(Continued from first page)

the firemen placed themselves in venturing inside grew momentarily. At last Chief Sinclair of the police force intervened and persuaded the woman to leave the premises. She was assisted to Mr. Gokey's house.

During the forenoon the fire burned briskly and all that remained this noon was the foundation. Some of the firemen were recalled to the station at 9:30 and the auto chemical outfit was ordered back at the same time. Ladders were left on the premises or near at hand as the firemen intended to be prepared should flying brands communicate to other buildings in the locality. The air was still, however, and as it transpired, the precaution was unnecessary.

The Robertson house was finished in hard wood and was highly appraised by carpenters who, at one time or another, had made repairs on the property. It occupied a commanding eminence and when the flames were at their height to-day the fire could be seen at a great distance.

There was an old woman who lived in a shoe who had so many children she didn't know what to do.

So she set 'em to work with the spade and the hoe

And she'll feed 'em next winter on things that they grow.

ROOMS ARE NEEDED

For the Annual Convention of Cemetery Superintendents.

As is generally known, the 1917 annual convention of the National Association of American Cemetery Superintendents is to be held in Barre Aug. 28, 29, 30 and 31. On that occasion there will be several hundred out-of-town delegates, including their ladies, in Barre. These delegates are coming to Barre from nearly every state in the union and from some parts of Canada. It is up to the people of Barre to show our guests Barre's true hospitality and extend to them a reception and entertainment such as all Barre citizens will be proud of. Barre's hotels will do their best, but these hotels have not sufficient rooms to accommodate all the delegates, consequently, it has been decided to ask all citizens of Barre, who can, to show their hospitality in allowing these delegates the use of one or more rooms in your home for these four days. The room committee was instructed to furnish 250 rooms, for the use of which you may charge the occupant one dollar per day. It will greatly facilitate the work of the room committee if you will personally see, write or telephone any member of the following committee your willingness to assist by furnishing a room, otherwise the committee will be obliged to personally call at your house.

Orreste Boffino of Maple avenue and K. H. McRae of Merchant street left yesterday on a business trip to New York.

John Davidson left Saturday for Montreal, P. Q., where he is finishing the baseball season with a semi-professional team.

Roy Scott, the 14-year-old son of Mr. and Mrs. Charles N. Scott of Graniteville, is confined to the house as the result of painful injuries received while employed at one of the Boutwell, Milne & Varnum quarries Saturday forenoon.

Quarry workers were about to move a drill when the derrick hook, swinging through the air, caught the lad in the region of the thigh. The hook closed firmly over his trousers and several seconds elapsed before he was released. While Dr. G. L. T. Bailey and Dr. W. D. Reid were being called, the boy was removed to the quarry office. Later he was taken to his home, where the physicians, in performing an operation, were compelled to take nine stitches. Yesterday the patient suffered considerably and continued restive during the night, but to-day it was stated that his condition seemed to be improving.
